Saddle fitting date:

**Order Initiated:  
Build Start:**

**Tree Ordered:  
Date shipped:**

**Tree Arrived:  
Tracking#:**

### Your contract agreement and the ordering procedure is as follows

- #1) Go To my website & read all pages on saddles & ordering so you know my policies & warranty before ordering: <https://www.therightfitequine.com/the-purpose-of-the-right-fit-saddle>. (All saddles start out untooled)
- #2) Print this order form. If you get overwhelmed, call me & I will personally help you design your saddle. It is customary for many changes to be made at this point in the process. It's harder than one could imagine. So relax, I will help you make choices. Once you are satisfied with your choices, I will type the form and email a copy to you. Then I will remit it to my saddle builder as a "draft" for his review. This provides him the opportunity to make any adjustments after he sees which saddle tree he is building on.
- #3) When your order is finalized, I will submit a "FINAL DRAFT. It is guaranteed for 30 days.
- #4) Down payment to initiate your order is \$600.00. You may remit your down payment at any time. Once it is received this contract becomes legitimate & binding.
- #5) Your saddle tree will not be ordered until your down payment is received. The tree will be finished in 4 weeks.
- #6) Your 2nd payment of \$600.00 is due before your saddle begins construction.
- #7) Saddle orders do not enter the Que until the tree arrives. Once your saddle is put into que the time frame for completion ranges between 2-4 months. You will be given a general idea of a completion. This is dependent upon how many saddles are being built ahead of yours.
- #8) Finished pictures will be sent to you via email or text. Compare these pictures to your written order. If anything is not right this is the time to correct it. If you need additional pictures to feel at ease that your saddle is correct before remitting your final payment, please ask for them.
- #9) Your finished saddle will set in the shop for 5 days before shipping to ensure glues have dried & leather can cure & not be as tender & susceptible to dents/scratches that can occur during shipping. If they do occur, we apologize, but once the saddle leaves the shop we no longer have control over it. Therefore, it is not warrantable, because it's not correctable without rebuilding the entire saddle. Which we will not do.
- #10) The serial number will be stamped on the bottom skirt under the left fender as follows: 2 letter tree type, gullet width, year, and your initials. The left billet keeper is stamped with model and seat size of the bare tree.
- #11) Final payment is due before the saddle ships directly to you. UPS tracking will be provided.
- #12) Cashier's Check, Money Orders, Personal Checks, Venmo, Google Pay, or Messenger Pay are preferred forms of payment since there is no fee to process your payment. A 4% FEE applied to credit card & Pay Pal payments.

### Non-refundable fees

There is a \$250.00 non-refundable fee if you have placed your down payment or a partial down payment and then cancel after 90 days from the order initiation date above, or cancel after your tree has been ordered. If you do not want the saddle after your saddle build has been started, the \$600.00 down payment will not be refunded. We retain it to cover a small portion of our expenses. If you receive your saddle and wish to return it for ANY reason after you have received it- you may do so. However, \$750.00 of the purchase price will be retained and the remainder of the amount paid will be refunded. We retain this amount to cover a small portion of our expenses.

**Cowhorse Saddles**

\_\_\_ The Anna #600C

\_\_\_ The Competitor #600CC

**Saddle Base Price: \$2,250.00**

**Includes:** 2@ 72" x 1.75 leather latigos, or an off-side billet, zero knee pain Cowhorse front rigging & rear Dee, Complete rear cinch assembly (2 rear billets, kick strap, hobble)

**All saddles start out untooled and without stirrups.**

**Desired Saddle length:**

\_\_\_ 26." (short backed horses- saddle will look a little boxy but will set level)

\_\_\_ 27.5" (1/2" added to bottom skirt in front & 1" added in the rear this stretches the saddle a bit for horses with toplines that can handle the added length)

**Saddle Tree (when we discuss your order I will fill the tree options- leave blank)**

Bar fit:            Gullet Width:            Horn#:            Swell#:            Cantle#:            Seat:

Upgrades and/or exchanges made to standard tree @ \$25.00 each:            **Add Cost: \$**

**Tree Modifications (this only matters if I have saddle fit for you):            Add Cost: \$**

**Saddle Leather Color**

Natural or light oil saddle color (3 coats of oil) is standard color option

**Upgrade to Drum Dyed Leather:** Leather is dunked in a tank with dye for a period of time. Color saturates deeper into leather therefore more scratch and fade resistant (\$150.)

\_\_\_Bright Chestnut    \_\_\_Mahogany    \_\_\_Chocolate    \_\_\_Walnut    \_\_\_Black            **Add Cost: \$**

**All rough out saddle: \$150.00            Add Cost: \$**

**Cantle Height :**

\_\_\_ 3.25"            \_\_\_ 3.5"

**Seat Options (standard option included with saddle)**

\_\_\_ Hard Ground Seat (\$160.)    \_\_\_smooth            \_\_\_rough out    **Color:            Add Cost: \$**

\_\_\_ Full seat quilt            \_\_\_ Bicycle seat (see Jones wade on "Order here page" for example)

\_\_\_ Suede.    **Color:**    Lt Choc    Dark Choc    Black    Toast    Russett    Wine    Forrest Green

\_\_\_ Smooth Leather: (\$60.) Color: \_\_\_\_\_ (ask for TXT example of current choices) **Add Cost: \$**

**Seat Pocket**

\_\_\_ Low rise (1/2") (No added height in front of seat- minimal rise in front of seat- considered a flat seat)

\_\_\_ Med rise (3/4") (gentle rise in front to support pelvis but not invasive)

The rise in the front of your seat determines how deep the pocket is that you set in. I suggest Medium if you are uncertain. (Men should choose low.)

\_\_\_ Narrow Hip Seat Shape #1 (10.5" across pad in seat base. 5" across the twist between thighs)

\_\_\_ Wide Hip Seat Shape #2 (11.5" across the pad in seat base. 5.5" across the twist between thighs)

\*\*I advise you to research what is comfortable for you based upon your current saddle measurements

**Cantle Binding at the top of your seat in the rear (found on bottom of Seat options page)**

Standard option (2") or  Narrow (1.25")

**Horn**

Standard flat cap  Raised Cap (\$45.) **Add Cost: \$**

**Swell**

Standard option 2 piece with nails in scallops under fork

**Upgrade:**

Braid up the back (\$50.) **Color:**  Burgundy  Chocolate  Black **Add Cost: \$**

**Jockey and Fender**

Standard Option finish: Smooth finish  Wide 10"  Narrow 8"

Youth 15"  16" Short  17" standard  18" Tall  20" Very tall (riders over 6ft2)

**Upgrades:**

Hand Buffed Rough out: (\$75.)  Natural/Vein Trail rough out: (\$75.)

Premium Comfort no stress Jockey & Fender, lined with glove leather (\$100.)  Black  Brown

**Add Cost: \$**

**Front Rigging**

**Placement:**  15/16  7/8  3/4

**Front Rigging Upgrade :**  Jeremiah Watt(\$20.)  silver engraved  Black inlay **Add Cost: \$**

**Rear Rigging**

Stainless Rear Dee: or  Jeremiah Watt (\$20.)  silver engraved  Black inlay **Add Cost: \$**

**Breast Collar Dees (Found on Rigging options page)**

Standard Placement on front jockey corner **Upgrade: Jeremiah Watt (\$10.) Add Cost: \$**

**Conchos** (Floral Jeremiah Watt are at no additional cost) 04212 silver engraved 04212 BS black inlay

**Concho Name & Number from Weaver Catalog:**

[Decorative Conchos, Rosettes, Spots, Crystals \(weaverleathersupply.com\)](http://weaverleathersupply.com)

Custom Conchos will be mailed to saddle builder for application

**Leather Rosette under conchos:**

Plain scalloped

**Upgrade:**

Add Studs on Rosettes (\$30.)

**Add Cost: \$**

**Skirt Attach in rear (Found on page Additional Options)**

**Top Skirt:**  Braid  Stitched plate **Bottom Skirt:**  Braid  Stitched plate  loose

**Upgrade:**

2.5" wide Tunnel Skirt on bottom skirt (\$45.)

**Add Cost: \$**

**Oil (Information Found on Leather Colors page)**

\_\_\_ 3 coats of oil (restores the moisture lost when wetted repeatedly throughout the build process & adds 1 more coat)

3 coats temporarily changes leather color but as it soaks in the leather will return to 1 shade darker than before oiled

All of the below will darken saddle considerably

(5 coats noticeably softens) (6 coats makes it buttery) (8 will leave residue on clothes at 1st)

Additional coats of oil: #: \_\_\_\_\_ @ \$10. ea **Add Cost:\$**

**Sealer** (The choices I offer do not smother the leather- there are others. I simply do not carry them)

\_\_\_ Black Rock Finish (Will darken color, conditions, water proof, protects)

\_\_\_ Ray Holes Saddle Butter (Non-darkening- conditions, water proof, protects)

**Build Price: \$**

**Ship & Ins: \$115.00**

**Total:**

**NOTE:**

All Rough Draft changes will need to be submitted to the builder and saddle tooler for their quote.

This is very time consuming and if there are too many changes on a saddle it can sometimes cause miscommunication with the saddle builder, therefore be as certain of your choices as possible before you submit your order the first time. Every submission after the second one is \$25.00 each.

So please take a few weeks to get organized and save pictures of saddles that show the attributes you desire so u can submit them to us the 1st time. You and I will have many discussions before I submit anything for a first quote.

**If you have received a copy of this Rough Draft order & you have chosen to mail the \$600.00 down payment, then this becomes a valid contract & we are bound by its terms on page 1. Changes can still be made.**

**Down Payment received on:  
Payment type:**

**In the amount of:  
New Balance:**

**Second Payment received on:  
Payment Type:**

**In the Amount of:  
New Balance:**
